NEW YORK 7, N. Y.

HISTORICAL STATEMENT

Fordham University is a Catholic institution conducted by the Jesuits. It began as St. John's College. It was founded by Archbishop Hughes upon the old Rose Hill farm at Fordham and formally opened on St. John the Baptist's Day, June 24, 1841. On April 10, 1846, an act of incorporation was passed by the Legislature of the State of New York, which granted it power to "confer such honors, degrees or diplomas as are usually granted by any university, college or seminary of learning in the United States."

On June 21, 1904, with the consent of the Regents of the University of the State of New York, the Board of Trustees authorized the opening of the School of Law, the first classes in which were held in the fall of 1905.

The School is located in the Fordham building at 302 Broadway, which is owned by the University and which houses the City Hall Division of the University. The building is a modern fifteen-story structure. It is situated a block from the civic center of New York, where are located the New York County Court House, the Federal Court House, the Surrogate's Court, as well as Municipal and State office buildings. The students of the School thus have ready access to the courts and ample opportunity to attend their sessions. Subway and elevated lines to all parts of the city are within two blocks of the building. The School of Law occupies the upper five floors of the building. The Law Library is located on the fourteenth and fifteenth floors. Adequate classrooms, together with executive and faculty offices and quarters for the *Law Review*, are provided on the three lower floors.

PURPOSE OF THE SCHOOL AND SYSTEM OF INSTRUCTION

The design of the School is to give a practical and scientific professional education in law. The curriculum includes a study of the principles of general jurisprudence, the common and statute law of the United States, the system of equity jurisprudence and pleading and procedure at common law and under modern codes.

The course for the degree of Bachelor of Laws covers three academic years in the day division and four academic years in the evening division.

The case system of study is used, carefully selected collections of cases being employed as the basis of instruction. The teacher and the students discuss the assigned materials critically and comparatively, both with respect to the facts and decisions reached and the rules and principles of law involved. Thus the students are trained in legal analysis and accurate reasoning, while at the same time they are acquiring familiarity with the principles of law and their development through the use of the actual decisions of the courts.

The School recognizes the fact that a grasp of the broad principles of common law is essential for the well-equipped lawyer and aims to train its students so that they may be qualified to practice law in any common law jurisdiction. As many of its students, however, contemplate admission to the bar in New York, without sacrificing its main objective, care is taken in the various courses in the discussion of the case materials to indicate variations between the existing law in New York and the general common law. Attention is called to the following courses which have a special bearing on New York law:

1. COMMON LAW AND CODE PLEADING.—In this course the principles of common law and code pleading are taught, and the chief similarities and differences between common law pleading and code pleading (which is in force in New York) are explained.

2. NEW YORK CIVIL PRACTICE.—This course presents a thorough ground work in the rationale of practice and procedure and embraces a comprehensive study of the New York Civil Practice Act, rules of Civil Practice, and related procedural statutes and decisions.

The School is aware also of the fact that a regrettable phenomenon of our times in many centers of legal training is the complete separation of law from morality. It is of the opinion that a well-grounded lawyer, especially if he is to be equipped to be a leader in public affairs, should have inculcated in him a sound philosophy of law. To this end, a comprehensive course in Jurisprudence is conducted. This gives due consideration to the ethical and historical aspects of the problems with which the philosophy of law is concerned and at the same time develops the traditional scholastic and American viewpoint on the ultimate basis of civil authority and limitations on the power of the state.

It is believed that the courses of the School are so arranged as to unite a sound training in the fundamental principles of the law with a training in the practical application of these principles to actual legal work.

REQUIREMENTS FOR ADMISSION

The School of Law is open to men and women. Applicants for degrees must be at least eighteen years of age upon entering the first year class and must be of good character.

Every applicant must be a graduate of a college or university approved by the University of the State of New York and must present a certificate that he holds an accredited degree conferred after satisfactory completion of a four-year college course together with a full transcript of his scholastic record.

Where the applicant at the time of forwarding his transcript has not completed all of the college work on which he seeks admission a transcript of record to the end of his last completed term may be furnished and the transcript for the term which he is then attending is to be transmitted immediately after his completion of the work thereof.

Applicants for admission will be accepted on the basis of their presumptive fitness to pursue the study of law with success as disclosed by their college records, and on the information as to character and fitness contained in the statement required to be filed by all applicants, as well as from such other data as may be available or required.

While the School of Law does not require its applicants to take the Law School Admission Test administered by the College Entrance Examination Board a good score on such a test can be helpful where on the evidence contained in the college record the aptitude and capacity of the applicant are doubtful. Applicants desiring to take the test which is given on two or more dates in each year at a number of points throughout the country should apply for information to the College Entrance Examination Board, P. O. Box 592, Princeton, New Jersey.

Applicants taking the test should request that their score be reported to the Fordham University School of Law. Results will also be sent to the applicant and such other law schools as he may designate.

No special preparation for the test is necessary as it is intended to measure intellectual capacity and aptitude rather than knowledge of particular subject-matter.

The test may be taken before formal application for admission to the School of Law.

Any applicant who has attended any other law school and who either has been required to withdraw therefrom or who is ineligible to continue in regular course therein by reason of deficiency in scholarship, will not be admitted to this School.

Applicants whose degrees are not registered by the State Education Department of New York as acceptable to admit the holders thereof to law study, must obtain a Law Student Qualifying Certificate from that department. Those who meet the School's requirements for admission should have no difficulty in procuring such certificate where necessary.

ADVANCED STANDING

An applicant who has satisfied all of the entrance requirements for regular first year students, and in addition has completed successfully one or more years of law study in a law school maintaining standards satisfactory to this School and duly registered by the Uni-

versity of the State of New York, and who is eligible to return thereto in regular course, may be admitted to advanced standing. The amount of credit which will be given in such a case will depend upon the standards of the school and the quantitative and qualitative record of the student therein. Generally, advanced standing will not be granted beyond the second year in the day course or the third year in the evening course.

STUDIES REQUIRED FOR DEGREE

The required course for the degree of Bachelor of Laws in the day division of the School extends over three academic years, in all of which at least twelve periods of classroom instruction per week are required. Students entering this division are expected to be able to devote substantially all of their working time to law study. The required course for the degree of Bachelor of Laws in the evening division of the School extends over four academic years. For the first two years at least eight periods of classroom instruction per week are required, and for the last two years at least ten periods of classroom instruction per week are required.

The work of the four years in the evening course thus equals that required in the three years of the day course. The class schedules in the evening course are so arranged that the student is not required to attend classes in excess of four evenings every week.

Every candidate for the degree of Bachelor of Laws will be required to take all of the courses prescribed in the curriculum in the First and Second Years. In the Third Year of the day division and the Third and Fourth Years of the evening division part of the courses are prescribed and part are elective. A sufficient number of the latter courses including at least one of the Practice courses must be elected by the student to make up with prescribed courses the minimum number of hours required each year.

A student upon making the necessary arrangements with the Registrar's Office also may take at least one additional elective course per semester, provided there be no conflict with other courses elected or prescribed.

REGISTRATION

Applicants for admission to the School must appear in person at the office of the Registrar in Room 1301, 302 Broadway, to fill out the necessary statement and application on the School form and to file the required credentials. Where an applicant resides outside the metropolitan district or is absent therefrom in attendance at college the Registrar will mail a copy of the form on request.

The Registrar will receive applications for the fall term from March 1 to the opening of classes in September.

As the School limits the number in every session and as time is required for consideration of the application as well as usually to procure the necessary credentials and records, early application for admission is desirable.

Students will not be registered under abbreviated or colloquial forms of recognized names. The registered name of the student will be entered on all certificates and degrees of the School, except in case of obvious error, or where the student shall have filed with the School a duly certified copy of an order of a court of competent jurisdiction permitting a change of name, and proof, satisfactory to the School, of compliance with the terms, if any, of such order.

All students already enrolled in the School must register personally at the Registrar's office prior to the commencement of the school year. Students eligible to enter the third and fourth year classes must appear for this purpose on the second Thursday preceding the opening of classes between 9 A.M. and 5 P.M. Students eligible to enter the second year class must appear for this purpose on the second Friday preceding the opening of classes between the same hours.

Any student who fails to appear as above required will not be admitted to classes without the special permission of the Dean.

DISCIPLINE

The continuance upon the rolls and the graduation of each student, the awarding of academic credits, and the granting of any certificate or degree are strictly subject to the disciplinary powers of the University. The University reserves the right in its discretion and without stating any reason, at any time to cancel a student's registration, or to refuse to award academic credits, or to deny a certificate or a degree.

The disciplinary authority of the University is vested in the President in such cases as he deems proper, and, subject to the reserved powers of the President, in the deans or other officers upon whom jurisdiction may be from time to time conferred.

EXAMINATION AND GRADES

Written examinations are held at the end of every term in all subjects completed therein and as essential parts thereof. Classroom work, so far as practicable, is also a determinant of general standing.

Examinations for all classes will begin at 4 P.M. every day during the examination periods except on Saturdays when they will begin at 2 P.M. Excessive absences from lectures will bar the student from examination.

Students must present themselves for examination at the examination held immediately upon completion of every subject unless excused by the Dean. Omission to do so will constitute a failure of such examination by the student.

The standing of students will be indicated by the letters A, B, C, D, and F, signifying Excellent, Good, Fair, Poor and Failure respectively. A paper of exceptional merit will be marked A+.

A grade of D or better constitutes a passing mark in any subject.

To continue in good scholastic standing, however, a student must maintain a weighted average grade of at least C in every scholastic year. Any student who fails to do so will not be permitted to continue in the School or to be a candidate for degree.

In case a student is permitted to defer an examination, he must take the next examination given in the subject. In the meantime, if on the examinations taken by him his weighted average is at least C, he may be allowed to continue conditionally in the School, subject to his maintaining at least said weighted average grade when the deferred examination is taken. If on the examinations taken by him his weighted average grade is less than C, he will be excluded from the School unless and until on taking the deferred examination his weighted average grade is brought up to at least C.

Failed or omitted examinations aggregating in year hour value more than one quarter of the required work of any year, will constitute a failed year irrespective of the weighted average grade obtained by the student. In such case the student will not be permitted to take any re-examination in the failed subjects or to continue in the School or to be a candidate for degree.

Failed or omitted examinations aggregating in year hour value not more than one quarter of the required work of any year may be retaken at the next regular examinations only, except in the case of subjects in the final year of the course in which conditioned examinations are held on the five days immediately following Labor Day. If again failed or omitted, the student will be required to repeat the subject.

Any student who fails to pass or omits to take the first examination offered in a course required to be repeated as aforesaid will not be allowed to take any further examination therein, or to continue in the School or to be a candidate for degree.

Where the content of a course, in which a student has a failed or deferred examination to take, has changed prior to giving the examination which the student takes therein, the student will be required to prepare himself on the altered content of the course. Should the course be omitted so that no examination is given thereafter in the same, the student may be required to take an additional course and to pass an examination therein in lieu of the omitted course.

No day student will be permitted to enter the third year class with any failed first year course outstanding against him; no evening student will be permitted to enter the fourth year class with any failed first or second year course outstanding against him.

LAW LIBRARY

The library is located on the fourteenth and fifteenth floors, adjacent to the offices of the *Law Review*, and immediately above the remainder of the School quarters, which occupy the eleventh, twelfth, and thirteenth floors. The Law Library is well lighted by day and has a modern system of shaded artificial light for evening work. It faces north and west, with a clear view of lower Manhattan, and with quiet and light assured because of its height above the street and its complete separation from classrooms and recreation rooms. Research rooms for the pursuit of special projects, law review conferences, and seminar activities are available.

The library contains over twenty-six thousand volumes. In it will be found an adequate collection of American and English Reports, including the full National Reporter System, the state reports antecedent thereto in most of the states of the union, and the statutes of substantially all of the several states. In addition there is available an extensive collection of textbooks, treatises, law reviews, and the standard encyclopedias and digests, so that the student has at his command a good working library.

The library is open on weekdays, other than holidays, throughout the School year to students of the School of Law and its alumni, from 9:00 A.M. to 10:00 P.M., except on Saturdays, when it is open from 9:00 A.M. to 6:00 P.M.

A course of lectures on the use of law books and research work in law is conducted by a member of the faculty, the aim of which is to give the students correct methods in legal research, and practice in applying the same to the solution of legal problems.

LAW CLUBS AND SOLICITORS' SEMINARS

The law clubs and solicitors' seminars are voluntary organizations of students functioning under faculty directors.

The law clubs aim to give the members experience in the preparation of pleadings, cases and briefs for trial, the trial of cases and the argument of appeals. An endeavor is made to interest the first year students in the work which is organized in groups in every year shortly after the beginning of the scholastic year and continues thereafter through both semesters.

The solicitors' seminars are set up in the last two years of the course and the members are given projects to work out which require the preparation by them of various legal instruments, such as contracts, deeds, mortgages, wills, trust indentures, certificates of incorporation and other corporate papers. Thus the participants are given experience in the use of forms and the art of legal draughtsmanship.

THE LAW REVIEW

THE FORDHAM LAW REVIEW is published three times during the school year in March, June and December, by a board of student editors chosen principally on the basis of their scholarship. Every issue contains articles on legal subjects by members of the bar or law teachers, notes on recent decisions and legislation prepared by the board of student editors or occasionally by a member of the School and reviews of recent books dealing with legal subjects. The publication of the review and its use in various courses is considered a part of the general educational program of the School.

PRIZES

SCHOOL PRIZES. In every class the student attaining the highest weighted average in his studies throughout the year will be awarded a prize of fifty dollars (\$50.00).

THE CHAPIN PRIZE. A prize consisting of the income of the sum of two thousand dollars (\$2,000), established by the will of Mrs. Mary Knox Chapin, widow of Professor H. Gerald Chapin, who for many years and until his death was a member of the faculty of the School, is awarded annually to that graduate of the School who has attained the highest weighted average in his studies throughout the full course in the School.

CLASS OF 1911 PRIZE. The Class of 1911, on the occasion of its Silver Jubilee, established a prize consisting of the yearly income of the sum of \$1,500, to be awarded annually for the best essay submitted by a student in the senior class of the Law School on a legal subject to be designated annually by the Dean. In the event that in any year no essay submitted is deemed worthy of the award, the income of the fund for that year will be devoted to the purchase of books for the law library.

ADMISSION TO THE NEW YORK BAR

Graduates of the School who are citizens of the United States, over twenty-one years of age and who are and for not less than six months immediately preceding the examination have been actual residents of the State of New York, are eligible at once to take the examination for admission to the bar of New York.

Under the amended rules of the Court of Appeals of New York, effective November 16, 1939, candidates passing the bar examination are eligible for admission to practice upon satisfying the requirements of the Committee on Character and Fitness in the judicial department having jurisdiction of the candidate's application for admission.

COMMENCEMENT

The Annual Commencement of the School will be held at Fordham on Wednesday, June 15, 1955.

ACADEMIC YEAR

The first term of the academic year 1954-1955 will begin on Monday, September 27, 1954, and will end on Friday, January 28, 1955. The second term will begin on Monday, January 31, 1955, and end on Friday, June 10, 1955. Classes will not be held on any legal holiday (except Armistice Day), Election Day, the Friday following Thanksgiving Day, All Saints' Day, March 17, the Feast of the Immaculate Conception and Ascension Day.

The Christmas recess will begin after the close of lectures on Thursday, December 23, 1954, and classes will be resumed on Monday, January 3, 1955. The Easter recess will begin after the close of lectures on Wednesday, April 6, 1955, and classes will be resumed on Tuesday, April 12, 1955.

FEEES

The following fees are payable:

Matriculation fee	\$ 10.00
Due upon entrance into the School.	
University fee	12.00
Due at the beginning of each year.	
Tuition fee per annum in all classes of the day division....	500.00
Tuition fee per annum in the first and second year classes in the evening division	335.00
Tuition fee per annum in the third and fourth year classes in the evening division	415.00

For students entering the School a deposit of \$50.00 is required to be paid upon notice of acceptance. This will be applied upon the applicant's registration and tuition fees and will not be refunded for any reason should he fail to enter the School. One half of the tuition for each year is due from all students at the opening of each term of the scholastic year.

Graduation fee	\$ 25.00
Due at beginning of final term.	
Conditioned examination fee	10.00

The right is reserved by the School to alter the above schedule of fees at any time without notice.

No degree is granted or certificate of attendance issued to any student who has not paid all fees due from him to the School.

No student who is in default more than two weeks in the payment of any fee will be permitted to attend lectures or to take any examination during the continuance of such default.

No fee paid or any portion thereof is returnable as a matter of right upon the withdrawal of a student from the School. Where illness, physical disability, or other extraordinary circumstance requires a student to leave, he may file with the School a written statement of the causes of such withdrawal. Thereupon, provided such statement be filed promptly and within the then current scholastic year, the School will take under consideration the equities of the case. In no event, however, will any deposit paid on acceptance of application for registration be returned or credited, nor will any refund of a fee be made for a fraction of any quarter of the School year during any portion of which the student was in attendance.

Veterans entering the School under P.L. 346, P.L. 16, or P.L. 550 must obtain Certificates of Eligibility from the Veterans Administration.

LIVING ACCOMMODATIONS

The School does not maintain a boarding department. However, a limited number of its students can be accommodated with room and board in the new dormitory building on the campus of the University. Application for such accommodations should be made directly to the Dean of Men at Fordham University, Fordham Road, New York 58, N. Y. The Registrar's office on request also will endeavor to furnish information as to where room and board off the campus can be obtained.

HOURS OF INSTRUCTION

The classes in the day school are divided into two sections, one the morning section and the other the early afternoon section. In the evening school the classes in each year are not divided.

In the morning section of the day school, classes will be held on every weekday except Saturday, commencing at 9:30 o'clock.

In the afternoon section of the day school, classes will be held on every weekday except Saturday, commencing at 2 o'clock.

In the evening school classes will be held in the evening on every weekday except Wednesday and Saturday, commencing at 6 o'clock. Certain elective courses, however, may be scheduled on Wednesday evening to begin at 6 o'clock.

In the discretion of the faculty, certain elective courses open to day or evening students or both may be scheduled for Saturday morning, to commence at 10 o'clock or 11 o'clock.

Once registered in either a day or evening division of the School, a student may not transfer at any time to the other division. Subject to the School's convenience and with the Dean's permission a student may transfer at the beginning of the year from either section of the day school to the other.

The School reserves the right to change the hours of classes at any time in the discretion of the Faculty.

The order of lectures may be obtained from the schedule published at the beginning of each term.

STANDARDS OF LEGAL EDUCATION

The Council on Legal Education and Admissions to the Bar of the American Bar Association requests that attention be called to the standards of the American Bar Association adopted by it in 1921 with the recommendation that they be adopted by all the states. These standards in substance provide that every candidate for admission to the bar, in addition to taking a bar examination, shall be required to give evidence of graduation from a law school which shall require completion of at least three full years of college study as a condition of admission, and three years of law study for full-time students and an equivalent longer period for part-time students, which shall have adequate library facilities and a sufficient number of teachers devoting all of their time to the school to insure actual personal acquaintance with and influence on the whole student body, and which, moreover, shall not be operated as a commercial enterprise.

This School is a member of the Association of American Law Schools which prescribes similar standards for its members and is on the approved list of the Section on Legal Education and Admissions to the Bar of the American Bar Association.
